CHAMPION'S DAD, Conrad
"Babe" Champion, was one of
the players in that old league.

After a 12-year absence, fast-pitch softball has returned to Granite City

Among the others were Granite Cityans Russ Chappell, Bob Stegemeyer and Jake Hin-

Babe Champion is the head baseball coach at Granite City South and the coach of the Tri Cities American Legion Post 113 baseball team. Chappell is a mathematics instructor, head golf coach and freshman baseball coach at Granite City Link School North. Stegemeyer baseball coach at Grante City High School North. Stegemeyer is the head baseball and an assistant football coach at North. Hinterser is the new President of the Grapite City Park District Board. "Those guys really knew what they were doing," said the younger Champion. We're just trying to get this thing started back on its feoting back the fast pitch league was the idea of

The fast-pitch game is quite a bit different from its slow-pitch-

"THERE ARE THINGS a fast-pitch pitcher can do with the ball that even a baseball pitcher can't do. A good softball pitcher has been known to strike out professional baseball hit-ters."

Right now, the pitching isn't what it ought to be," said champion. "But with each game, it'll get better."

Getting people interested in a fast-pitch league isn't as easy as munity known for its rabid desire for more and more softball leagues. "We've had to let people play on both slowpitch and flast-pitch learns,"

said Grandidier. "Usually, we won't let anyone be on two different teams in the Park District. But we've had to in order to have enough teams for the league. I think we may have to keep the rulling this way."

"For some reason, people aren't as attracted to fast-pitch as to slow-pitch," he said. "I think it has to do with the fact that most of the younger guys in the area aren't old enough to remember what fast-pitch is like, so naturally they're more attracted to slow-pitch. It's something they're familiar with."
